I was made in a hidden place

There from your love I could not escape if I tried—

In wonder and in a trembling state

We wait to meet this child
    G G/B C G
I cannot see with human eyes
    D G A/C# C maj7
The secret plans you have devised
    G G/B C G
My heart is full as I contemplate

The frailty and the fullness
    D C Cmi G D/F# Emi D C C
Oh I marvel at your goodness—to me.

Ami G
How soon the fog will lift
    Ami G D/F# Emi (Emi D/F#)
And we will hold her like a gift—

But for now I rest in this in between
    D G A/C# C maj7 G
In the heavy clouds of this waiting …season
    G G/B C G
Knowing you are as close as the clothes I wear
    D C
These hours, my soul will savor
    D C
You surround me as I waver
    D C Cmi
Who am I to have known such favor?
Oh I was made in a hidden place
There from your love I could not escape
If I tried.
